

**MEDITERRANEAN  
PROTOCOL**

THE LASER REVOLUTION  
HAS A NAME:

*Red Edition*

# MEDITERRANEAN PROTOCOL

## Our revolution is your success

2024 is a crucial year for the future of professional aesthetics: It's the year you can enhance your practice with absolute confidence, thanks to the Mediterranean Protocol.

## The most revolutionary protocol to always be in the spotlight

Now you can work with effective fluence rates on skin types IV, V, and VI and on all hair types\*, from very light to the very dark, while maintaining safety throughout each treatment.

(\*except grey, white or red hair)

The innovative blend of wavelengths, scientifically proven to be effective and safe, reduces the risks of hyperpigmentation and burns. Additionally, our exclusive add-ons, such as the Asclepion Laser Skin Care X3<sup>®</sup>, significantly shorten treatment times. This advanced approach ensures high performance and safety for users.

*Red Edition*

# AN INNOVATIVE MIX

In our high-tech laboratories, we have developed a synergistic system of wavelengths to elevate laser hair removal treatments to a new level.

**The simultaneous emission of 808nm and 1060nm wavelengths** provides a wide range of absorption and penetration, allowing for a safe and effective treatment.

# POWERLINE MIX

## Where power meets sensuality

The Red Edition means combining the benefits of the Mediterranean Protocol with the advanced and leading features of a technology that has been leading the market for years.

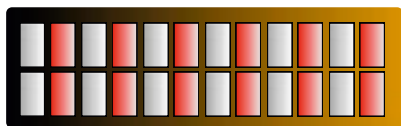

It only takes a quick look at the basic technical data to highlight the performance of the PowerLine MIX handpiece, the international standard for performance and quality.

**POWER**

**SPEED** **20** hz

**PULSE DURATION**

**FROM** **3** ms

# THE KIT OF THE FUTURE FOR YOU

Only with Asclepion –  
Treatments without gel.  
Your starter kit to fully kickstart with  
the Mediterranean Protocol.

# NO MORE GEL!

Yes, that's right: The gel disappears forever from the treatments. We have replaced it with a specially developed product: **Asclepion Laser Skin Care X3®**.

## 1 CLEANSSES

By spraying it on the skin before starting the laser treatment, it thoroughly cleanses it

## 2 FACILITATES THE TREATMENT

It ensures smooth gliding of the handpiece without leaving sticky residues

## 3 REGENERATES

Excess product is gently massaged into the skin, providing excellent post-laser treatment care

**CONTAINS ALOE VERA**

## HYGIENE CAP

**Maximum comfort, maximum hygiene**

The disposable hygiene caps are the additional plus in customer care: Easy to use, they maximize hygiene and ensure clean treatments.

With the hygiene caps, you extend the lifespan of your handpiece!

A woman with long, wavy red hair, wearing a red dress, is holding a large red cloth that is draped over an Asclepion laser hair removal machine. The machine is white and blue, with the brand name 'Asclepion' visible on its side. The background is a bright red wall with large white letters 'SE' and 'S' visible. The overall scene is set in what appears to be a trade show or exhibition booth.

# WELCOME TO THE RED EDITION BY ASCLEPION

**A pioneering marketing concept bringing together Asclepion's latest advancements in laser hair removal technology and treatment protocols for 2024.**

Under the Red Edition banner, all these breakthroughs are united by a consistent marketing approach.
